

ACKNOWLEDGEMENTS

The authors would like to acknowledge all the Division of Marine Fisheries personnel and other individuals who answered surveys and questions concerning information needed for this A/P project. Thanks are also extended to M. Wolff, L. Mercer, D. Spitsbergen, W. Cole, S. Winslow, E. Noble, J. Merriner, K. West, D. Ahrenholz and W. Hogarth for their critical review of this report and to D. Willis and D. Tootle for their typing of this final report. The matching funds were provided by the North Carolina Department of Natural Resources and Community Development, Division of Marine Fisheries.
